

SHARP ER-A770

MORE SPEED, LESS SPACE

SPEED AND POWER IN A SMALL FOOTPRINT

You don't have to give up too much space to gain lightning fast processing speed - not with the Sharp ER-A770.

Within its compact design it packs a powerful performance that gives you more effective control of your business.

Especially in the busy hospitality environment, where its advanced software and fast turn of speed deliver big advantages. Transactions are rapidly processed and transferred throughout the network to give speedy access on other terminals.

And, thanks to its Overlap Clerk function, staff aren't kept waiting to use the terminal if someone is already in the middle of a transactions. The Sharp ER-A770 - you'll be quick to appreciate the benefits.

- Fast processing and transfer of transactions across the network.
- Small footprint, with attractive design.
- Overlap Clerk function lets staff operate more efficiently.
- Opened Table Report shows which tables are in use and allows additional entries to bills.
- One bill can follow customer from bar to table to hotel room.
- Bill Separating lets each person in a group pay individually.
- Electronic Journal stores transactions in the machine's memory, eliminating need for journal printer and saving paper.
- Optimum viewing from 5.6" mono LCD display with brightness controls and tilt mechanism.
